About us

London Wildlife Trust champions nature's recovery in London. As a grassroots movement, we are firmly embedded in London's local communities, where we look after wild places and increase people's understanding of and connection to the natural world. We engage, inspire and enable people to connect with nature and are resolute in our ambition to reverse the declines in nature.

The site was once a coal drop for the nearby station, which was demolished in the 1960s. It had been colonised by nature so the Trust ran a campaign to save the site from development and create a nature reserve; which opened in 1985.

The contemporary Visitor Centre has multiple sustainable features; including a natural cooling and ventilation system and rainwater run-offs. The woodland, grassland and wetland habitats provide a rich space for birds, butterflies, amphibians, and plant life to nest and grow in the city.

The profits raised from events and venue hire directly support our vital work towards a London alive with wildlife with nature in everyone's neighbourhood.

FAQs

What decorations can I bring?

You can decorate the interior areas with flowers, candles (in holders), and free-standing props. For environmental reasons, we do not allow balloons, fireworks, or glitter.

Can my guests use confetti?

Guests may use dried flower petals only and we request that this is only thrown outside the building.

Can I leave items overnight following the event?

The venue is extremely limited in storage space and is in frequent use so all items must be taken off-site by the end of the hire time.

Is there parking?

No, there is no parking available on site. There is a small entranceway for deliveries to be dropped off, but all vehicles must be kept offsite.

Can my guests go in the nature reserve?

Guests are welcome to walk freely around the nature reserve in daylight hours, but glass is strictly prohibited and so we would restrict access once the bar is open during evening events. During the winter (October–March) access to the nature reserve in the evening will be assessed on a case-by-case basis.
